Transfer from the airport to Hotel Costaustralis or Remota Patagonia Lodge (or similar). Join us this evening for dinner and a briefing on the following day's activities.

◇ DAY 2

Puerto Natales / King George Island / Embark Ship

Following breakfast, check out of the hotel and transfer to the airport for our 2-hour direct flight to King George Island and the thrilling start to our Antarctic adventure. Home to a diverse assortment of wildlife—Weddell and elephant seals, Adelie, chinstrap and gentoo penguins—King George Island also has a human presence. Researchers from a wide range of countries, including the US, Chile, Argentina, and Brazil, call the various stations home. Our flight will land at the Chilean research station where the National Geographic Explorer will be waiting offshore. Board Zodiacs to embark the ship and set sail.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-6

Exploring Antarctica

With long hours of daylight at this time of year, we

have ample opportunities to explore. Our schedule is flexible, allowing us to take advantage of the unexpected, whether we're watching whales at play off the bow of our ship, hiking alongside penguin highways, or enjoying an evening Zodiac cruise amid porpoising penguins.

While wildlife is magnificent, ice defines the Antarctic. You'll get to know ice up close and personal—from icebergs the size of islands, bergy bits and near-vertical glaciers, to the fragile, nearly invisible layers that have just begun to freeze. One day, we might set out by kayak to encounter towering icebergs at water level; embark on a Zodiac excursion in search of seals and blue-eyed shags; or walk amid thousands of Adélie and gentoo penguins. The next, we might experience the thrill of the ship crunching through pack ice.

Everywhere we go in Antarctica we're surrounded by opportunities to capture uniquely beautiful images. Along the way your expert expedition team will enrich every experience.

Meals included: breakfast, lunch, dinner

◇ DAY 7

King George Island / Disembark Ship / Puerto Natales

This morning, the ship will be moored off of King George Island once again. Following disembarkation and Zodiac rides to shore, our flight departs the White Continent and returns to Puerto Natales where we overnight at Hotel Costaustralis or Remota Patagonia Lodge (or similar).

Meals included: breakfast, lunch, dinner

■ DAY 8

Puerto Natales

Check out of our hotel and transfer to the airport to begin your journey homeward.

Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

National Geographic Explorer is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
