Day by day

■ DAYS 1-2

Denpasar, Bali, Indonesia / Embark Ship

Arrive in Denpasar on the lush island of Bali, one of the world's greatest cultural treasures. Transfer to our hotel and relax before the welcome reception. On Day 2, following checkout, get a taste of this paradise, where life and art are interwoven. After lunch transfer to *National Geographic Orion* for embarkation. Dinner is included on Day 1. Breakfast, lunch, and dinner are included on Day 2.

Arrival Time: Arrive before 3:00 p.m. local time.

Arrival City: Denpasar, Bali, Indonesia

◇ DAY 3

Menjangan Island / West Bali Barat National Park

Javanese for "deer," Menjangan Island is named after the rare rusa deer who swim to the island during the spring. This secluded paradise is part of the West Bali Barat National Park, located in the northwest tip of Bali. Teeming with untouched beauty both above and below the water, explore the island on foot, keeping an eye out for deer while wandering through the ancient white stone temple of Pura Segara Gili Kencana; snorkel among the brightly colored coral fans; or glide through the clear water on a stand-up paddleboard.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Madura Island

Bordered by beautiful white sand beaches in the south and rocky cliffs in the north, Madura Island

is a remote gem in the Strait of Madura. Not far from Surabaya, it feels like a different world—rural and steeped in a culture of fierce, yet open-hearted sailors. We'll visit Sumenep, a region rich in history and culture. Spend time exploring the Royal Palace learning about the heritage of these proud people through dance performances and museum exhibits.

Meals included: breakfast, lunch, dinner

◇ DAY 5

Karimun Jawa

A breathtaking chain of coral-fringed islands, Karimun Jawa Archipelago sits off the coast of central Java. Designated a natural reserve, the marine park protects the biodiversity of the lush mangrove forests teeming with birdlife, 11 species of seagrass, extensive coral reefs, and over 400 species of fish. Observe life in the mangroves as we trek deep into the forest on raised footpaths, ever watchful for black-tailed monkeys and red-breasted parakeets. Kayak along the seagrass in water so clear we can see the fish and coral below. A true island paradise.

Meals included: breakfast, lunch, dinner

◇ DAY 6

Semarang / Borobudur Temple

Today we dock at the island of Java in the bustling port of Semarang. Our destination is inland, at the largest Buddhist temple in the world: magnificent Borobudur Temple. A UNESCO World Heritage site, this massive complex sits perched on a hill, with bell-shaped stupas housing statues of Buddha seeming to rise from the jungle around it. Stone reliefs carved in exquisite detail line the base of the temple, depicting everyday life and the path to enlightenment. We spend the day exploring this spectacular site.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Cirebon

Our visit to Cirebon, on the coast of Java, will take you back in time to the 16th century. Palaces, mosques, and bustling markets full of batik stalls are all found alongside this thriving trade port. Following the beautiful Cirebonese welcome ceremony, visit Kacirebonan Palace where the Sultan welcomes us to his home. Enjoy local delicacies while learning about the rich culture of his kingdom and the beautiful artistry of batik. These traditional textile designs are world famous for their intricacy.

Meals included: breakfast, lunch, dinner

◇ DAY 8

Krakatoa

One of the world’s most beautiful and powerful volcanoes, Krakatoa, or Krakatau in Indonesian, was known worldwide after the explosive eruption in 1883. Ash from the massive event circled the Earth for years. Along the Pacific Ring of Fire, new volcanoes have formed beneath Krakatoa’s caldera—Anak Krakatau, or “Child of Krakatoa,” is the most active. Go ashore to explore the black sand beach and lush jungle that rises up to the volcano. Cruise to Legon Cabe in the waters of big Krakatoa, and snorkel in the dazzling reefs that surround the island.

Meals included: breakfast, lunch, dinner

◇ DAY 9

Pulau Belitung

Located off the coast of Sumatra, Belitung is part of the relatively unknown Bangka-Belitung sister islands. We spend the morning cruising the pristine waters, weaving our way through the smaller islands and clusters of granite formations that dot the coastline, looking for the perfect quiet cove to

kayak and snorkel. Ashore we have the opportunity to meet the locals and witness the blending of three cultures: Malay homes on stilts; Bugis fishing villages; and Sumatran coffee houses, popular gathering spots for all. The Dutch tin mines and the promise of work brought many families to Belitung. The mines may be gone, but the joining together of traditions remains.

Meals included: breakfast, lunch, dinner

◇ DAY 10

Badas Islands

The rarely visited and remote Badas Islands offer excellent beaches, vibrant corals, and an abundant array of marine life. Watch for clownfish darting between anemones and if luck is on your side, a beautiful royal blue tang might make this idyllic story complete. Explore above and beneath the sea via stand-up paddleboard, snorkeling, and beachcombing.

Meals included: breakfast, lunch, dinner

◇ DAY 11

Anambas Archipelago

We spend our final day in the remote Anambas Archipelago, where we snorkel the unspoiled reefs surrounding Pulau Lintang. Search for colorful giant clams and cardinalfish that make these waters their home. The island is private, so we have exclusive access to walk the beach, dive, snorkel, or explore by glass-bottom Zodiac.

Meals included: breakfast, lunch, dinner

■ DAY 12

Singapore / Disembark Ship

This morning we arrive in the landmark city-state of Singapore. Following disembarkation, enjoy the opportunity to explore this amazing melting pot of culture, style, and cuisine before departing on

Joining the Lindblad fleet in 2013, the state-of-the-art *National Geographic Orion* serves as a luxurious base camp for voyages to the far-flung corners of the planet.

Built in Germany by the Cassens shipyard, the 102-guest *National Geographic Orion* was created with a high-ice class to be able to venture safely into polar regions. A ship of her size is seldom built with such ice-cutting ability, which makes her a rarity. She is yacht-scale, yet rugged enough to venture far afield, making her a perfect addition to the Lindblad fleet, which she joined in 2013. Her size and nimbleness offer the perfect combination of safety and liberty to voyage untrammelled locations. In fact, *National Geographic Orion* currently holds the distinction of having sailed further south than any other Lindblad vessel.

Her menu, created by famed Australian chef, Serge Dansereau, owner of Sydney's acclaimed Bather's Pavilion restaurant, enormously popular with *National Geographic Orion's* guests, so impressed Sven Lindblad, that Serge, a chef-owner who shared the Lindblad commitment to serving local and sustainable food, was enlisted to design the dining program for the entire Lindblad-National Geographic fleet.

National Geographic Orion is gracious and intimate, with a rewarding, almost clubby feeling. Of her many amenities and features, the most appealing is her outside deck space which beckons in the balmy reaches of the Pacific, and on those days in Antarctica when the midnight sun and the spectacle of the ice makes going indoors, let alone going to bed, impossible.
