Day by day

■ DAY 1

London, England / Portsmouth / Embark Ship

Arrive in London and transfer to Portsmouth to embark on our journey around the British and Irish Isles.

Arrival Time: Arrive by 9:30 a.m.

Arrival City: London, U.K.

Meals included: dinner

◇ DAY 2

Fowey

Arrive in the Cornish port of Fowey (pronounced "Foy") in the afternoon. Hike a coastal trail or enjoy a guided walk through the village of Fowey with a local. Alternatively, learn about the history of a few beautiful Cornish estates on a visit to Lanhydrock House and Restormel Castle, or get to know local producers and growers from the Duchy of Cornwall.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Isles of Scilly

The Isles of Scilly can trace its roots back to prehistoric times. More than 140 different islands make up this designated area of outstanding natural beauty. Take the time to explore one of England's most pristine beaches and watch for migrating birds that frequent the islands. Weather permitting, enjoy a Zodiac ride among some of the most popular residents of the islands: the local seal colony.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Cobh, Ireland

Arrive in this colorful port city on one of the world's largest natural harbors, intimately tied to maritime history and the great Irish Emigration. Visit the Cobh Heritage Centre and learn about the momentous events that took place here—from the 1912 departure of the *Titanic* to the successful rescue of passengers from the torpedoed *Lusitania* and the millions of Irish who departed these shores in search of a better life. Enjoy an afternoon of Irish traditions, from music to sport, with locals.

Meals included: lunch, dinner, breakfast

◇ DAYS 5-6

Wild West Coast of Ireland

Over the next two days, enjoy the windswept landscapes of western Ireland. Be on deck as we sail past Skellig Michael, the protected Celtic Christian hermitage where beehive huts and remains of a seventh-century monastery still stand. Then, get photo tips from our National Geographic Photography Expert as we sail past the uninhabited Blasket Islands, on which you'll observe a wide array of birds including storm petrels, shearwaters, terns, gulls, and auks. Our exploration continues on land through the southern corner of Ireland with its cozy local pubs, cultural centers, and country walks.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Iona and Staffa, Inner Hebrides, Scotland

Visit the sacred island of Iona and its 13th-century abbey, long revered as a Christian pilgrimage site and believed to be where the Book of Kells originated. Several Scottish kings, including the actual Macbeth, are buried in the royal graveyard here. Later, weather permitting, we explore uninhabited Staffa Island, famed for its perfect

six-sided volcanic basalt columns and dramatic Fingal's Cave. On Staffa, join one of our naturalists to learn about and observe a large puffin colony.

Meals included: breakfast, lunch, dinner

◇ DAY 8

Outer Hebrides

Explore the Outer Hebrides of Scotland, boasting incredible seabird colonies. Conditions permitting, we make a landing at St. Kilda, a UNESCO World Heritage site and nature preserve. Uninhabited since 1930, the traditional stone village left behind by the island's final residents now lies in ruins. But active occupants do remain: a huge population of gannets, domesticated sheep now gone wild, puffins, and wrens.

Meals included: breakfast, dinner, lunch

◇ DAY 9

Shetland Islands

The Shetlands are characterized by deep-seated cultural traditions and dramatic landscapes. Far north and near enough to Norway to speak Scottish with a Scandinavian accent, this 100-island archipelago has never been fully tamed by those who live here. Explore these rural islands with their mix of ponies, ruins, and windswept pastures.

Meals included: breakfast, lunch, dinner

◇ DAY 10

Orkney Islands

Options this morning include a birdwatching trek in quest of Orkney's remarkably varied birdlife or a walking tour of Kirkwall, Orkney's capital and a showplace of ancient Viking history thanks to its proximity to Norway. Later, discover the Stone Age megaliths of the Ring of Brodgar and the 5,000-year-old stone slab village of Skara Brae. And step inside majestic St. Magnus Cathedral, a

sandstone landmark that took three centuries to build.

Meals included: breakfast, lunch, dinner

◇ DAY 11

Aberdeen

Start off the day with a panoramic drive through "the Granite City" before exploring Aberdeenshire's countryside. Choose to visit a local Highland cattle farm where you will learn about its award-winning products and practices. Or, dive into Highland traditions with a visit to the Gordon Highlanders Museum. Transfer back to the ship later this afternoon and enjoy your last evening at sea.

Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

National Geographic Explorer is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
