Day by day

■ DAY 1

Reykjavík, Iceland / Embark Ship

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport and spend the day exploring the sights, sounds, and tastes of this Arctic capital before embarking the ship in the afternoon.

Arrival Time: Arrive by 10:00 a.m.

Arrival City: Reykjavík, Iceland

Meals included: lunch, dinner

◇ DAY 2

Westfjords

Explore the beautiful and peaceful Westfjords region of Iceland. Perhaps take a hike to a remote waterfall or a Zodiac cruise alongside stunning scenery. Enter Ísafjarðardjúp and land at Vigur Island to visit the Eider Farm and learn about the down cleaning process.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Skagafjörður

Skagafjörður is the gateway to north Iceland, known for its glacier rivers, Icelandic horses, and saga history. Take a float trip on the Jökulsá river or visit a historic rural turf farm to understand rural life in Iceland. Or choose to explore Drangey Island and learn about Grettir the Strong and the saga named after him. You'll also have a chance to spot the multitudes of birds that call the island home, such as kittiwakes, shearwaters, and possibly even ravens and gyrfalcons.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Siglufjörður

Siglufjörður was the center of Iceland's once-thriving herring industry. We stop by the Herring Museum for a salting demonstration and a tasting. Enjoy the surroundings of Iceland's northern most mainland settlement by joining the local forestry association for an afternoon of conservation in their local woods.

Meals included: breakfast, lunch, dinner

◇ DAY 5

Húsavík

Húsavík, the site of the first house built in Iceland, is our gateway to the geological exploration of northern Iceland. Depart for a full day overland visiting one of the largest waterfalls in Iceland, Goðafoss, as well as the Lake Mývatn area, the most geologically active area in Iceland. Alternatively, enjoy an adventurous journey through Ásbyrgi Canyon, said to be formed from the hoof of Odin, filled with hiking and waterfall exploration, or stay along the coast and take a slower pace to the day with forest bathing, bird watching, and a soak in the GeoSea bath.

Meals included: breakfast, lunch, dinner

◇ DAY 6

Grímsey / At Sea

This morning, take Zodiacs ashore to the tiny island of Grímsey, which lies exactly on the Arctic Circle. Here we celebrate being officially in the Arctic, in the company of nesting arctic terns, fulmars, and puffins in burrows. Enjoy an afternoon at sea as we sail around the northern corner of Iceland to start our journey south.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Borgarfjörðurhöfn

Located on the eastern shore of Iceland, Bakkagerði is well known for its local puffin colony. Walk across boardwalks to witness these colorful symbols of Icelandic wildlife. Once you have your best puffin photos, take an invigorating hike up to the best panoramic view of the fjord or bike along the fjord for an alternative view.

Meals included: breakfast, lunch, dinner

◇ DAY 8

Djúpivogur

Arrive in Djúpivogur and drive down the coast to explore the foot of the vast Vatnajökull icecap and the deep blue icebergs of the large ice lagoon of Jökulsárlón. Alternatively, go by 4x4 vehicle to visit some of the secluded valleys and remote waterfalls in the countryside around Djúpivogur or join a hike to the black sand beaches of southern Iceland.

Meals included: breakfast, lunch, dinner

◇ DAY 9

Islands of Heimaey and Surtsey, Westman Islands

The Westman Islands were formed by undersea volcanoes between 5,000 and 10,000 years ago and are among the youngest of the world's archipelagos. In 1963, the world witnessed on film the birth of its newest island, Surtsey—a UNESCO World Heritage site—which we see as we cruise past the coast. In 1973, Heimaey was threatened by lava flows that nearly closed off its harbor. We visit the crater, where the earth is still hot, for amazing views of areas that had been engulfed by lava.

Meals included: breakfast, lunch, dinner

■ DAY 10

Reykjavík / Disembark Ship

Today, disembark in Reykjavík and transfer to the airport for flights home. For those with later flights, take a morning excursion and then transfer to the airport for flights home.

Departure Time: Depart anytime after 10:30 a.m.

Departure City: Reykjavík, Iceland

Meals included: breakfast, lunch

The most advanced ice-class expedition ship afloat, the *National Geographic Endurance* offers unprecedented access to polar regions.

The first new polar build in Lindblad's 50-year history, *National Geographic Endurance* is named to honor explorer Ernest Shackleton and his legendary Transantarctic Expedition.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can. Endurance's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside—with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow[®] is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.

Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

National Geographic Explorer is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
