## Day by day

### ■ DAY 1

#### Ushuaia, Argentina

Arrive in Ushuaia. Sandwiched between ice-mantled peaks and the frigid waters of the Beagle Channel, this is a fittingly wild place to be known as “El Fin del Mundo” or “The End of the World.” Transfer from the airport to your hotel. In the evening, enjoy dinner and attend a briefing on your upcoming adventure.

**Arrival Time:** Arrive by 6:00 p.m. local time.

**Arrival City:** Ushuaia, Argentina

Meals included: dinner

### ◇ DAY 2

#### Ushuaia / Embark Ship

Check out of your hotel and begin exploring this amazing region. Visit Tierra del Fuego National Park, clad in dense beech forest just as much of Antarctica was millions of years ago. Savor lunch on board a private catamaran as you cruise the Channel, keeping an eye out for plump South American sea lions and sleek seabirds like the imperial cormorant. By day’s end, you’ll be comfortably on board the ship and ready to sail off to the White Continent.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 3-4

#### At Sea Crossing the Drake Passage

At times ferocious, at others flat calm, this legendary 500-mile-wide strait divides South America from the Antarctic Peninsula. Feel the excitement build as you begin the crossing, often accompanied by seabirds like the wandering albatross and—if luck allows—a pod of killer whales or rare dolphins. Get to know the ship and prepare for the adventures

ahead. Visit the Bridge (ideal for wildlife spotting), relax with a massage, attend a talk on the unique biology of penguins or simply settle into a comfy chair in the observation lounge, looking out over the waves as you contemplate the history of this passage named for English privateer Francis Drake, but first discovered by Spanish navigator Francisco de Hoces.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 5-8

#### Exploring Antarctica

With long hours of daylight at this time of year, you’ll have ample opportunities to explore. The schedule is flexible, allowing you to take advantage of the unexpected, whether you’re watching whales at play off the bow of the ship, hiking alongside penguin highways or enjoying an evening Zodiac cruise amid porpoising penguins. While wildlife is magnificent, ice defines the Antarctic. You’ll get to know ice up close and personal—from icebergs the size of islands, bergy bits and near-vertical glaciers, to the fragile, nearly invisible layers that have just begun to freeze. One day, you might set out by kayak to encounter towering icebergs at water level; embark on a Zodiac excursion in search of seals and blue-eyed shags; or walk amid thousands of Adélie and gentoo penguins. The next, you might experience the thrill of the ship crunching through pack ice. Everywhere you go in Antarctica, you’re surrounded by opportunities to capture uniquely beautiful images. Along the way, your expert expedition team will enrich every experience.

Meals included: breakfast, lunch, dinner

### ◇ DAY 9

#### King George Island / Disembark Ship / Puerto Natales, Chile

This morning finds the ship anchored off of King George Island. Home to a diverse assortment of wildlife—Weddell and elephant seals; Adélie, chinstrap and gentoo penguins—this island also has a human presence. Researchers from a wide range of countries, including the U.S., Chile, Argentina and Brazil, call the various stations home. Disembark and Zodiac ashore to board your two-hour flight back to Puerto Natales, where you will overnight at Hotel Costaustralis or Remota Patagonia Lodge (or similar).

Meals included: breakfast, lunch, dinner

## ■ DAY 10

### Puerto Natales

Check out of your hotel and transfer to the airport to begin your journey homeward.

**Departure Time:** Outbound flights from Puerto Natales should depart no earlier than 1:00 p.m. local time (or as late in the day as possible).

**Departure City:** Puerto Natales, Chile

Meals included: breakfast

**Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.**

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

*National Geographic Explorer* is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
