Day by day

DAY 1

Juneau / Embark Ship

Arrival Time: Arrive by 3:00 p.m. local time.

Arrival City: Juneau

Arrive in Juneau, Alaska's capital city, in the early afternoon, and embark *National Geographic Sea Lion* or *National Geographic Sea Bird* in time for cocktails and an introduction of the vessel staff and crew.

Meals included: dinner

◇ DAY 2

LeConte Bay or Tracy Arm

Today we explore either LeConte Bay or Tracy Arm. These areas feature some of the most active glaciers in Southeast Alaska. Icebergs regularly break off from glaciers, getting caught in shallow moraines and along the shorelines as they float out of the bay. Our experienced captain will evaluate the underwater moraine outside of LeConte Bay or Tracy Arm, where we'll set out by Zodiac to navigate among these surreal floating sculptures. Take advantage of spectacular photographic opportunities, practicing tricks and tips from our certified photo instructor.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Sumner Strait

Navigate the stunning Wrangell Narrows, an area inaccessible to larger ships, and then cruise into the Sumner Strait, keeping watch for orcas and humpback whales surfacing and sea otters gliding through the clear water around our ship. Explore the coast by kayak or Zodiac and go ashore to trace bear trails through forests intersected by

crystalline salmon streams. Along the way, learn about the rainforest ecosystem from our naturalists. Fix your binoculars on the banks to search for Sitka black-tailed deer and moose as well as black bears, wolves, and bald eagles that frequent the shoreline in search of plentiful salmon.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Wrangell

This morning we arrive in the small town of Wrangell. The Tlingit and their ancestors have made this island their home for thousands of years. Take an optional jet boat journey up the Stikine River or explore town, including a visit to Chief Shakes Tribal House and Petroglyph Beach, home to ancient rock carvings. This afternoon we cruise Eastern Passage and Blake Channel, narrow waterways on the backside of Wrangell Island where other ships rarely venture.

On select departures, choose an optional day trip to Anan Creek Bear Observatory to witness black and brown bears feasting on salmon runs (additional \$390 per person). Speak with your expedition specialist for details.

Meals included: breakfast, lunch, dinner

◇ DAY 5

Misty Fjords National Monument

Wake up this morning to catch the sunrise over the stunning cliffs of Misty Fjords National Monument, rising more than 2,000 feet above the deep blue waters of the fjord. Watch wisps of cloud drift down the winding waterway and drape over green peaks as we cruise through the mists that give this extraordinary landscape its name. Set out by Zodiac and kayak to get close to the forested banks and the

many dramatic waterfalls cascading down the cliffs.

Meals included: breakfast, lunch, dinner

■ DAY 6

Ketchikan / Disembark Ship

Arrive in Ketchikan, the southernmost city in Alaska, spread at the base of sylvan slopes on Revillagigedo Island. Its many monikers, from “salmon capital of the world” to “rain capital of Alaska,” capture the spirit of this city, famous for colorful buildings and abundant fishing boats and canneries. Visit the Totem Heritage Center to view the priceless collection of 19th-century totem poles. Enjoy breakfast aboard ship before disembarking.

Departure Time: After 1:00 p.m. local time.

Departure City: Ketchikan

Meals included: breakfast

**A U.S.-flagged vessel, she and her sister
National Geographic Sea Lion discover domestic waters**

Before they built the *National Geographic Venture* and *Quest*, U.S. shipbuilder Nichols Brothers built the twin ships *National Geographic Sea Lion* and *National Geographic Sea Bird*. Nimble, reliable, and intimately scaled, they both continue to sail the waters of the west coast of North America and Central America.

Sea Bird accommodates just 62 guests in 31 outside cabins. Her inviting public spaces foster a sense of shipboard life where everyone is integral to the adventure, engendering a rewarding sense of community and esprit du corps. National Geographic writer Andrew Evans called *Sea Lion* the “closest thing to Cousteau’s *Calypso*” he’s ever had the pleasure to be on.

With a shallow draft and small size, she can easily reach places inaccessible to larger ships. She can venture into fast-moving channels where whales come to feed, transit a series of locks in the Pacific Northwest, nose up to waterfalls in secluded coves, and sail into protected anchorages in small bays perfect for snorkeling and kayaking.
