Meals included: dinner

### ◇ DAY 2

#### Island Exploration

Today, you'll get an introduction to the beauty and history of Greece. The day begins with a Zodiac exploration of the many sea caves, bays and tiny islands that dot the southern end of the island of Antiparos, including a peek at the active archaeological site on the uninhabited island of Despotiko. This afternoon finds you near the three islets of Tigani, Panteronisi and Glaropounta, where you'll spend the afternoon swimming, kayaking or stand-up paddleboarding in the crystal-clear, turquoise waters of the Blue Lagoon.

Meals included: breakfast, lunch, dinner

### ◇ DAY 3

#### Sifnos

Sifnos—a local favorite—is a peaceful, rugged island known for its sandy beaches, plethora of churches and trendy food scene. With a scenic upper *chora* (village) that invites exploration, visit quaint little churches that sit precariously on the edge of the sea, participate in a cooking class at a local farm or spend the afternoon swimming, kayaking or paddleboarding. Whatever your pace, this is the ideal place to explore on foot, whether it's a brisk walk or a lazy stroll along the beach.

Meals included: breakfast, lunch, dinner

### ◇ DAY 4

#### Milos

Spend the morning exploring the sea caves at Kleftiko, and if conditions allow, get in the water. This afternoon, on the charming volcanic island of Milos, see the ancient city of Phylakopi, a Bronze Age settlement and famous archaeological site. Capture stunning photos of Papafragas, a unique beach cove surrounded by towering white walls and natural caves. In the small town of Trypiti, visit the 1820 excavation site of 'Venus de Milo,' one of the most famous works of ancient Greek sculpture, now exhibited in the Louvre.

Meals included: breakfast, lunch, dinner

### ◇ DAY 5

#### Nea Kameni / Santorini

On the uninhabited island of Nea Kameni, hike to the crater or swim in the hot springs. Later, in the afternoon, venture to remarkable Santorini—an island archipelago formed from a single volcanic cone that erupted 3,600 years ago, burying the resident Minoan culture in ash. Sail directly into the caldera, then drive through windswept vineyards to reach the spectacular hilltop town of Oía. Tour the Archaeology Museum and excavations at Akrotiri, an important Minoan town preserved under volcanic ash much like Pompeii, with remarkably intact houses, streets, pottery and more.

Meals included: breakfast, lunch, dinner

### ◇ DAY 6

#### Paros / Naxos

This morning, choose to go on an early hike on Naxos, participate in an olive press tour and tasting, experience a walking tour of the Kastro or enjoy a hands-on pottery experience. Spend the afternoon

hiking, visiting a local winery or walking the land with a local farmer to hear how they make dry-land farming work. Afterward, taste the fruits of the bounty. The natural beauty, incredible food and less-touristy vibe of Paros and Naxos provide an authentic Greek experience.

Meals included: breakfast, lunch, dinner

#### ◇ DAY 7

### Delos / Syros

The island of Delos is one of the most important mythical and historical sites in Greece and a designated UNESCO World Heritage site. In myth, it's the birthplace of the twin immortals Artemis, goddess of animals and the hunt, and Apollo, god of healing, music and light. Spend a morning surveying the Terrace of the Lions and exquisite Temple of Apollo, two of the many incredible ruins preserved here. Experience the town of Hermoupolis as the afternoon sunlight highlights its neo-Classical architecture. A walking tour takes you by the customs house, the main square and stops at the Apollon Theatre and St. Nikolas Church on the hill. Enjoy a regional dance performance, and then join the performers when the time is right.

Joining the Lindblad fleet in 2013, the state-of-the-art *National Geographic Orion* serves as a luxurious base camp for voyages to the far-flung corners of the planet.

Built in Germany by the Cassens shipyard, the 102-guest *National Geographic Orion* was created with a high-ice class to be able to venture safely into polar regions. A ship of her size is seldom built with such ice-cutting ability, which makes her a rarity. She is yacht-scale, yet rugged enough to venture far afield, making her a perfect addition to the Lindblad fleet, which she joined in 2013. Her size and nimbleness offer the perfect combination of safety and liberty to voyage untrammelled locations. In fact, *National Geographic Orion* currently holds the distinction of having sailed further south than any other Lindblad vessel.

Her menu, created by famed Australian chef, Serge Dansereau, owner of Sydney's acclaimed Bather's Pavilion restaurant, enormously popular with *National Geographic Orion's* guests, so impressed Sven Lindblad, that Serge, a chef-owner who shared the Lindblad commitment to serving local and sustainable food, was enlisted to design the dining program for the entire Lindblad-National Geographic fleet.

*National Geographic Orion* is gracious and intimate, with a rewarding, almost clubby feeling. Of her many amenities and features, the most appealing is her outside deck space which beckons in the balmy reaches of the Pacific, and on those days in Antarctica when the midnight sun and the spectacle of the ice makes going indoors, let alone going to bed, impossible.
