Upon arrival in Panama City this afternoon, transfer by land to Colón and embark the *National Geographic Quest*. Meet your expedition staff and enjoy a traditional Congo music and dance performance. Marvel at the coastline ahead as we sail to the historic port of Portobelo. Ask your expedition specialist about enjoying a culturally-immersive [pre-or-post-voyage extension in Panama City and San Lorenzo](#).

DAY 2

Portobelo / Panama Canal Transit

This morning, explore the area on kayaks, stand-up paddleboards, Zodiac cruises upriver, or go for a snorkel. Portobelo is known for its Spanish colonial military architecture, which is designated collectively as a UNESCO World Heritage site. Visit several of the fortifications as well as the old Customs House, and hear the tales of Portobelo's rich pirate history. Later on, set sail for the Panama Canal. As cargo ships tend to pass through the canal during the day, we'll most likely begin our crossing at night, when the canal is dramatically lit. By special arrangement, *National Geographic Quest* will anchor in Gatún Lake near the Barro Colorado Nature Monument overnight.

Meals included: breakfast, lunch, dinner

DAY 3

Gatún Lake / Panama Canal Transit

Today, choose hikes and Zodiac cruises at the Smithsonian Tropical Research Institute facility on Barro Colorado Island, or take a boat ride to Gamboa, where the Chagres River meets the Panama Canal, and hike on the Panama Rainforest Discovery Center trails. This evening, continue through the complex lock system of the Canal and venture into the Gulf of Panama.

Meals included: breakfast, lunch, dinner

DAY 4

Isla Iguana Wildlife Refuge / Pedasí

This morning, we arrive at Isla Iguana Wildlife Refuge. Once a US Army bombing range, this protected area is home to black and green iguanas, sea turtles, and several species of birds and tropical fish. There is time to enjoy the beach and snorkel. In the afternoon, visit the mainland for a Spanish heritage cultural experience in the town of Pedasí on the scenic Azuero Peninsula.

Meals included: breakfast, lunch, dinner

DAY 5

Playa Muerto, Darién National Park

Playa Muerto village is located in Darién National Park, the largest protected area in Central America and a UNESCO World Heritage site which contains an exceptional array of habitats, from sandy beaches and mangroves to dense tropical forests teeming with wildlife. It is also home to the indigenous Emberá and Wounaan tribes. We'll be greeted by village leaders from the Emberá who will share their customs, traditions, and stories about their deep respect for their natural surroundings. Later on, enjoy short nature walks, go birding, or choose to join a longer hike into the rainforest in search of the elusive harpy eagle, one of the world's most powerful eagles.

Meals included: breakfast, lunch, dinner

◇ DAYS 6-7

Pearl Islands

Approximately 200 islands make up the idyllic Pearl Islands. Explore several of the islands in the archipelago, including Isla del Rey and Isla Pacheca, as you learn about the history of the native populations and eventually the Spaniards and African slaves who arrived for the pearl trade. Deep rainforests, lush rivers, white sandy beaches, and shallow reefs provide great opportunities for hiking, sea kayaking, stand-up paddleboarding, Zodiac river cruises, beach activities, and snorkeling.

Meals included: breakfast, lunch, dinner

National Geographic Quest

Guests 100	Cabins 50
----------------------	---------------------

***National Geographic Quest*, built in 2017, is designed for sailing into fast-moving channels and shallow coves in pan-American waters.**

When she rolled out of Nichols Brothers shipyard and into the bay on Whidbey Island, the 100 guest *National Geographic Quest* became the third ship in the Lindblad fleet built at this storied Pacific Northwest shipyard. In the 1970s, Nichols Brothers built the twin ships *National Geographic Sea Bird* and *National Geographic Sea Lion*, which continue to sail the waters of the west coast of North America and Central America.

National Geographic Quest was purpose-built to explore the fast-moving channels and narrow straits of Alaska, along the coast of Costa Rica, and into the gray whale nursery lagoons of Baja, her design and engineering informed by our nearly 40 years of experience in these regions. Her twin boarding platforms, for example, were suggested by a veteran staffer. Enabling our team to load two Zodiacs at once means guests get off the ship quickly to take advantage of wildlife sightings and maximize exploring time.

Larger than her siblings *National Geographic Sea Bird* and *National Geographic Sea Lion*, *National Geographic Quest* has the same shallow draft, allowing her captain to navigate the same inner reaches and provide the same intimate, "insider" experiences in these charismatic regions. Modern, clean-lined, with large expanses of glass to keep you connected to the extraordinary views, *National Geographic Quest* enables you to see, do, and experience the best of her geographies.
