## Day by day

### ■ DAY 1

#### Reykjavík, Iceland / Embark Ship

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport and visit the Old Town, including Hallgrímskirkja Cathedral with its 210-foot tower, before embarking the ship in the afternoon.

Meals included: lunch, dinner

### ◇ DAY 2

#### Flatey Island

Explore Iceland's western frontier, visiting Flatey Island, a trading post for many centuries, turned sleepy summer islet. Walk around the charming little hamlet that has survived, and hike across trails that trace the cliffs past a seasonal puffin population.

Meals included: breakfast, lunch, dinner

### ◇ DAY 3

#### Crossing the Denmark Strait

Sail away from the Westfjords of Iceland and across the Denmark Strait. Connecting the Arctic and Atlantic Oceans, the strait is home to the world's largest waterfall, caused by powerful currents underneath the surface. Listen to talks by our experts, relax with a book in the lounge or on the observation deck, and keep an eye out for wildlife as we sail across the continental shelf.

Meals included: breakfast, lunch, dinner

### ◇ DAY 4

#### Prins Christian Sund, Greenland

Sail into Prins Christian Sund, which cuts into the southern tip of Greenland, passing between soaring pinnacles and glaciers, allowing our ship to sail through the sheltered waters of this dramatic

landscape. Glimpse hanging glaciers through the fjords that stretch back to the Greenlandic Ice Sheet and keep an eye out for marine and bird life in these sheltered waters.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 5-6

#### Southern Greenland Fjords

Home to some of the best preserved ruins of the Viking era in Greenland, Qaqortoq and Tunulliarfik Fjord provide us with two days of insight, culture, and local interactions. Walk through the ruins of Bratthlid, Erik the Red's farm, visiting replicas of the church and the family's longhouse. Explore the same shores from which their son, Leif Eriksson, launched the first voyages to North America—500 years before Columbus.

Visit the unofficial capital of southern Greenland at Qaqortoq, with just over 3,200 residents. The colonial influence is visible throughout the town, with houses painted in primary colors and architecture dating back to the 1700's. Stroll through the town square and visit the museum, where Greenlandic kayaks, hunting equipment, and local art and handicrafts are on display. Finally, walk through the walls of Hvalsey church, located in the fjords behind Qaqortoq, the best preserved Norse ruins in all of Greenland.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 7-8

#### At Sea / Crossing the Davis Strait

Spend time on the bow of the ship watching for whales, polar bears, and other wildlife; enjoy the ship's amenities; edit your photos alongside our professional photographers; and attend expert-led talks about the Arctic as we navigate the massive

icebergs of Davis Strait on the way to Baffin Island.

Meals included: breakfast, lunch, dinner

◇ DAYS 9-12

## Exploring the Labrador Coast, Canada

Spend three days tracing the beautiful, wild coast of Labrador, exploring on foot and by kayak and Zodiac. Weaving our way through the Lower Savage islands, keeping a watchful eye for the polar bears that call these islands home, we will use our Zodiacs as safe havens to experience their environment firsthand. Watch for peregrine falcons and other birds soaring over the rocky shorelines of the spectacularly narrow Mugford Tickle and take in the impressive sight of the 4,000-foot-high Kaumajet Mountains. Continue to scenic Battle Harbour to discover the reconstructed 19th-century buildings and legacy of this historic fishing village.

Meals included: breakfast, lunch, dinner

◇ DAY 13

## L'Anse aux Meadows

In the 1960s, the remains of a Viking village established in the 11th century were excavated at L'Anse aux Meadows, now a UNESCO World Heritage site. Walk among the Norse ruins and reconstructed sod huts and learn the saga of the Vikings in North America, who arrived here nearly 500 years before the explorations of Columbus.

Meals included: breakfast, lunch, dinner

◇ DAY 14

## Northern Newfoundland

Cliffs, fjords, and beaches grace the northwestern tip of Newfoundland. Hike, kayak, or explore by Zodiac with our experts amid this stunning scenery and keep an eye out for migrating birds and whales.

Meals included: breakfast, lunch, dinner

■ DAY 15

## St. John's, Newfoundland / Disembark Ship

Today, disembark in St. John's and transfer to the airport for your flight home.

Meals included: breakfast

**Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.**

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

*National Geographic Explorer* is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
