Day by day

■ DAY 1

Oslo, Norway

Arrive in Oslo and transfer to our centrally located hotel. In the afternoon, our introduction to Norway begins with a tour of Oslo, including a visit to the Fram Museum, dedicated to the wooden ship sailed by Norwegian pole explorers such as Nansen and Amundsen. This evening, join your fellow travelers for a welcome reception.

Meals included: lunch, dinner

◇ DAY 2

Oslo / Tromsø / Embark Ship

Take a charter flight to Tromsø, known as the "gateway to the Arctic" due to the large number of Arctic expeditions that originated here. Visit the Arctic Cathedral, where the unique architecture evokes icebergs; and peruse the Polar Museum, which showcases the ships, equipment, and seafaring traditions of early Arctic settlers. Embark our ship this afternoon.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Tysfjorden

This morning, enter the long fjord of Tysfjorden, where only a few small villages cling to the rocky shores. Glide beneath the fjord's steep walls on Zodiac and kayak excursions, and explore Hellemobotn Fjord, which reaches far inland, ending just a few miles from the border of Sweden.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Lofoten Islands

Start your day on deck as we glide into Trollfjorden,

one of Norway's most dramatic fjords. Continue to the Lofoten archipelago, which boasts an enchanting landscape of picturesque villages framed by jagged, granite peaks that rise straight from the sea. Explore the many islets, and reposition to Værøy for walks and kayaking. Seek out Atlantic puffins, razorbills, and guillemots on a Zodiac cruise.

Meals included: breakfast, lunch, dinner

◇ DAYS 5-6

Exploring the Fjords of Norway

Carved by glaciers over millions of years, Norway's northern coast is laced with steep-walled fjords, mountainous islands, and chiseled peaks. Cruise in a Zodiac along vertical rock faces, kayak through serene fjords, or go ashore on a secluded sandy beach to hike amid verdant valleys and birch forests.

Meals included: breakfast, lunch, dinner

◇ DAY 7

At Sea / Shetland Islands, Scotland

Spend a relaxing morning at sea as we sail toward the Shetland Islands, an archipelago of about one hundred islands and islets located north of the Scottish mainland. Glide past the towering cliffs of Noss to look for murre, puffins, kittiwakes, and other seabirds. This evening, dock overnight in Lerwick.

Meals included: breakfast, lunch, dinner

◇ DAY 8

Lerwick / Foula

Lerwick is a town where Norse and Gaelic cultures intermingle. Explore the town, delve into local culture and history at the Shetland Museum and Archives, or embark on a bird-watching or geology

walk. Alternatively, venture to the prehistoric settlement of Jarlshof to examine its Bronze Age ruins and Viking longhouses. In the afternoon, continue to Foula, a stark but spectacular island edged with towering cliffs and blanketed with peat bogs, where people are drastically outnumbered by puffins.

Meals included: breakfast, lunch, dinner

◇ DAYS 9-10

Exploring the Faroe Islands

This morning, we arrive in the Faroe Islands, an autonomous archipelago within the Kingdom of Denmark. The legacy of the Vikings persists here, reflected in the language of the Faroese and their love of the sea. Visit Tórshavn, the colorful capital of the Faroe Islands, where even the government buildings are crafted in the traditional design of wooden siding with a turf roof. Visit the 12th-century St. Olav's Church alongside the ruins of Kirkjubøur's Magnus Cathedral, which was never completed. Navigate through the islands to one of the local communities on Eysturoy, the second largest island in the Faroes. Enjoy a day in the village experiencing the warm hospitality and stunning landscapes of their beautiful fjord.

Meals included: breakfast, lunch, dinner

◇ DAYS 11-12

At Sea / Seyðisfjörður, Iceland / Grímsey

After a day at sea, we awake along Iceland's rugged eastern coast, an unspoiled stretch of rocky outcrops, hidden coves, and hills that beckon hikers. We visit Seyðisfjörður, a charming fishing village located in the mouth of a majestic fjord and surrounded by dramatic mountains. Choose to explore the town or visit Skálanes Nature Reserve to see its colorful wildflowers and bird cliffs. Continue to Grímsey on the Arctic Circle.

Meals included: breakfast, lunch, dinner

◇ DAYS 13-14

Ísafjörður / Flatey Island

Located in the Westfjords region, the town of Ísafjörður lies on a tiny spit jutting out into the water against a backdrop of steep hills. Spend time hiking and watching for nesting seabirds in this remote setting. The next day, visit Flatey island, a fishing and trading post for centuries.

Meals included: breakfast, lunch, dinner

◇ DAY 15

Westman Islands

Spend the day in the Westman Islands, one of the world's younger archipelagos, formed by undersea volcanos some 11,000 years ago. In 1973, the isle of Heimaey was threatened by lava flows that nearly closed off the harbor. We visit the Eldfell volcanic crater, where the earth is still hot, and take in views over landscapes engulfed in lava rock. We also observe Surtsey, one of the world's youngest islands, which was formed by volcanic eruptions between 1963 and 1967.

Meals included: breakfast, lunch, dinner

■ DAY 16

Reykjavík / Disembark Ship / Home

Disembark in Reykjavík and take a morning excursion. After lunch, transfer to the airport for flights home.

Meals included: breakfast, lunch

The most advanced ice-class expedition ship afloat, the *National Geographic Endurance* offers unprecedented access to polar regions.

The first new polar build in Lindblad's 50-year history, *National Geographic Endurance* is named to honor explorer Ernest Shackleton and his legendary Transantarctic Expedition.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can. Endurance's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside—with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow[®] is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.
