Costa Rica and the Panama Canal

Exploring Costa Rica and Panama is a singular experience that combines biodiverse jungle wildlife with an in-depth crossing of the Panama Canal, a marvel of engineering. It is the perfect winter escape. Dense, lush rainforest. Pristine deserted beaches. Monkeys galore. Hike deep into the rainforest; kayak and paddleboard along the shore; take a cool swim in a waterfall pool; snorkel over a coral reef. Opportunities abound to see creatures in their natural environs—both on land and in the sea. Expert local naturalists and photo instructors are with you every step of the way, always giving you choices and expanding your knowledge. Aboard, you can always savor panoramic views from the 50-cabin *National Geographic Quest*. Plus, you'll get an exclusive chance to visit to [Latin American Sea Turtles \(LAST\) Association](#) at Playa Blanca on the Osa Peninsula, where you can meet with researchers who are critical in the rescue, rehabilitation, and release of native sea turtles.

- ★ Transit the Panama Canal over two days to see it by day and in the coolness of night—plus an exclusive stop at the Smithsonian Research Institute
- ★ Discover the wild rainforests of Corcovado National Park, which *National Geographic* dubbed “the most biologically intense place on Earth”
- ★ Explore idyllic islands, snorkel over a vibrant coral reef, and take a Zodiac cruise up a wild river

Day by day

■ DAY 1

San José, Costa Rica / Puerto Caldera / Embark Ship

Arrive in San José this afternoon and transfer to Puerto Caldera, the main port for Costa Rica. This evening, embark the *National Geographic Quest* and set sail south on your Central American journey. You may opt to arrive early for a [pre-voyage extension in the rainforests and reserves of Caño Negro](#). The extension adds five days before the expedition for incredible wildlife exploration on a glamping adventure.

Arrival Time: Arrive before 1:00 p.m. local time.

Arrival City: San José, Costa Rica

Meals included: dinner

◇ DAY 2

Corcovado National Park

Anchor off the Osa Peninsula to see some of the most pristine lowland rainforest on the Pacific coast. In the environs of Corcovado National Park, swim in waterfall pools or trek through the rainforest for a chance to see four species of monkeys—howler, spider, squirrel and capuchin.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-4

Golfo Dulce / Osa Peninsula

Enter the mangrove-fringed Golfo Dulce, along the southwestern edge of Costa Rica, as your nimble expedition ship takes you into the remote upper reaches of this placid bay. Head inland to meet and share with inspiring local families living in remote communities and working with cocoa, hearts of palm and sugar cane. Hike in mature rainforest, kayak in peaceful waters and explore by Zodiac, scanning

the jungle treeline for a dazzling array of avifauna, including golden-hooded and Cherrie's tanagers, yellow-throated toucans, fiery-billed aracaris and crimson-fronted and orange-chinned parakeets. Take in a kaleidoscope of tropical color with bromeliads, heliconias and orchids set against the verdant green.

Go ashore on the western side of the bay in the pristine waters of Playa Blanca on the Osa Peninsula. By special arrangement, visit with the Latin American Sea Turtles (LAST) Association and hear presentations by the staff at LAST including a talk by the dedicated researchers working so hard to positively impact sea turtle conservation.

Meals included: breakfast, lunch, dinner

◇ DAY 5

Coiba National Park, Panama

The first stop in Panama this morning is at the remote Isla Coiba, one of the many islands of Coiba National Park, a UNESCO World Heritage site. Once a penal colony, the island has long been protected and accessible by special permit only. Among its many endemic species are the Coiba Island agouti and the mantled howler monkey, as well as four varieties of sea turtle. Discover rich marine life while snorkeling or simply spend the afternoon exploring or relaxing on the beach.

Meals included: breakfast, lunch, dinner

◇ DAY 6

Gulf of Panama Islets / Panama Canal Transit

Today, explore the tiny islets of the Gulf of Panama by Zodiac or kayak. Here you might spot frigatebirds, brown pelicans, neotropical cormorants, and brown boobies. Set sail for the Panama Canal this afternoon. Stretching more than 50 miles, the

canal was a colossal engineering feat completed in 1914. It is still traversed by some 14,000 ships every year. As cargo ships tend to pass through the canal during the day, the ship will most likely begin crossing at night, when the canal is dramatically lit.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Gatún Lake / Panama Canal Transit

Today, choose hikes and Zodiac cruises at the Smithsonian Tropical Research Institute facility on Barro Colorado Island or take a boat ride to the mouth of the Chagres River and hike on the Panama Rainforest Discovery Center trails. This evening, continue through the complex lock system of the canal. By special arrangement, *National Geographic Quest* will anchor in Gatún Lake near the Barro Colorado Nature Monument overnight.

Meals included: breakfast, lunch, dinner

■ DAY 8

Colón / Panama City, Panama / Disembark Ship

Disembark in Colón and transfer to the airport in Panama City for flights home.

Ask your expedition specialist about enjoying a culturally-immersive [post-voyage extension](#) in Panama City and San Lorenzo, a UNESCO-designated World Heritage Site.

Departure Time: Depart after 2:30 p.m. local time.

Departure City: Panama City, Panama

National Geographic Quest

Guests 100	Cabins 50
----------------------	---------------------

***National Geographic Quest*, built in 2017, is designed for sailing into fast-moving channels and shallow coves in pan-American waters.**

When she rolled out of Nichols Brothers shipyard and into the bay on Whidbey Island, the 100 guest *National Geographic Quest* became the third ship in the Lindblad fleet built at this storied Pacific Northwest shipyard. In the 1970s, Nichols Brothers built the twin ships *National Geographic Sea Bird* and *National Geographic Sea Lion*, which continue to sail the waters of the west coast of North America and Central America.

National Geographic Quest was purpose-built to explore the fast-moving channels and narrow straits of Alaska, along the coast of Costa Rica, and into the gray whale nursery lagoons of Baja, her design and engineering informed by our nearly 40 years of experience in these regions. Her twin boarding platforms, for example, were suggested by a veteran staffer. Enabling our team to load two Zodiacs at once means guests get off the ship quickly to take advantage of wildlife sightings and maximize exploring time.

Larger than her siblings *National Geographic Sea Bird* and *National Geographic Sea Lion*, *National Geographic Quest* has the same shallow draft, allowing her captain to navigate the same inner reaches and provide the same intimate, "insider" experiences in these charismatic regions. Modern, clean-lined, with large expanses of glass to keep you connected to the extraordinary views, *National Geographic Quest* enables you to see, do, and experience the best of her geographies.
